

Morning/Afternoon/Evening Programs with John Lyons

\$45 per session. Tickets available on line at www.johnlyons.com

Morning: 9am to Noon

Afternoon: 1pm to 4pm

Evening: 6pm to 9pm

Take three hours to learn something new which just might change everything about your horse life.

Find the answers to the questions you have about finding that performance, the relationship, and the friendship you have wanted.

There is Hope to change your horses behavior, attitude, attention, improve ground manners, riding, and performance.

There are new and better ways to approach your horses training which are easier on him and much easier on you as well.

No matter what, how old or how young either you or your horse are, or how long your horse has behaved a certain way your horse can change and do so drastically in the first work session you spend with him/her.

You can improve your performance horse through changing your cue system and your corrections.

There are methods which will work with any horse even though we have been told there are not.

Corrections are out. there is a way to eliminate the negative in training your horse. Take out the scolding, the punishment, the force, learn how you can enjoy your horse more and he/she looks forward to your company.

You can simplify There are ways to take the complicated cue systems and simplify them so that you can understand them and teach them to your horse. You don't have to be a gymnast, have the right build, be in the best shape, or be able to do five things at once to accomplish having a nice quiet, relaxed horse to ride, play with and have fun doing what others can do.

See results sooner. Would you like to speed your training up ten to twenty times or more? Develop training methods and sessions that bring you better results, with less hassles to yourself and your horse? You can, you will and it's easy to learn.

Take the mystics out of training. Have the enjoyable relationship you've wanted and gain the ride you want and train the horse you want and it won't take years, months or even weeks to do so. Upper level performance and maneuvers are not that hard to understand or accomplish.

Three hours of your time just may change your horse life forever. John can do that for you, really. What have you got to lose? Take the time, make the effort you will see how and why they call him the "America's Most Trusted Horseman". It's more than just words.

Its time and money well spent Spend a little time and less than half the cost of either one riding lesson, or half a tank of gas, one bag of groceries, one quarter of a cheap vet bill, way less than the cost of a broken arm or visit to the emergency room and even less time waiting to be seen.

Ask your questions. Over half of the program is devoted to your questions being answered by John with demonstrations to those answers.

Simply put John Lyons changes lives, he can change yours and your horses.
